

***We are a re-use charity providing art, craft, design and play materials for schools, students, artists, community organisations and families, all donated by eco-friendly businesses as surplus or waste***

***We inspire up-cycling with demonstrations and workshops at community events***

***Nominal annual fees allow unlimited visits for members to collect a vast array of materials including paper and paint, textiles and trimmings, buttons and bubble wrap, wood and wondrous props, foam and fine wire and so much more. Stocks vary from week to week***

***We are always looking for new donors of materials and volunteers to process and present our donations. Drop by and see for yourself....***
